

To: Northgate Stakeholders Group  
From: Tony Mazzella, SDOT  
Subject: Meeting Materials

At the request of the Stakeholders CTIP Sub-committee, SDOT and the Mirai Team have prepared

- (1.) a chart showing how a typical project concept - 1st Avenue NE Sidewalks - would be tracked through the planning process,
- (2.) a chart showing how the issues identified by Stakeholders would also be tracked, and
- (3.) a project schedule showing key milestones for Stakeholder involvement.

Also included are the Draft Work Plan and Public Involvement Plan (chart).

We look forward to hearing from the sub-committee and larger Stakeholders Group as they develop their CTIP Advice Memo.
